

2022 Employee Scholarships

UCHealth Longs Peak Hospital Foundation is pleased to match our donors' passion for educational excellence with our local employees' professional and personal goals. A volunteer selection committee from UCHealth and our community reviewed this year's applications and awarded \$38,500 to 23 employees.

This was an especially competitive year with outstanding applicants. Thanks to community donors, corporations/businesses, and UCHealth employees, Longs Peak Hospital Foundation has four designated funds to support adult education:

- Nursing Scholarships
- Employee Scholarships
- Dan Robinson Endowed Scholarship
- Jamie Glantz Endowed Scholarship

Congratulations to our 2022 Scholarship Awardees who work at UCHealth Longs Peak Hospital, UCHealth Broomfield Hospital, or a UCHealth clinic directly affiliated with these hospitals.
